Setting up SeaDrive

1. Connect the power, keyboard & mouse, and HDMI cables from SeaDrive into your TV or Monitor
   a. If your monitor/TV has an HDMI connection: Connect the HDMI Cable
   b. If your monitor has a VGA connection: Connect the mini-HDMI to VGA adapter, VGA cable, and speakers
   c. To connect the SeaDrive to your Local Network: Connect an Ethernet cable from the SeaDrive into your router or switch

2. Press the power button on the SeaDrive

3. At the login screen, enter your user name and password, and click the “Sign in” button

Tip: Contact your administrator if you do not know your user name and password
